SUMMARY

Data Analyst Intern with 6 months of experience at Besant Technologies, skilled in **MS Excel, MySQL, Power BI**, and **DAX**. Hands-on experience in **data analysis**, **data visualization**, **data cleaning, data modelling, dashboard development**, and report generation to support business decision-making. Detail-oriented and analytical, seeking an entry-level Data Analyst role to contribute to data-driven strategies and organizational growth.

PROFESSIONAL EXPERIENCE

Data Analyst Intern Besant Technologies **Aug 2025- Present**

Project Title: Sales and Profit Analysis Dashboard

Project tools: Power BI, DAX

Project Description: Developed a business intelligence dashboard in Power BI to analyze sales, profit, and order performance using interactive KPIs, slicers, filters, and dynamic visualizations. Performed data analysis, trend analysis, and comparative analysis to identify key business insights and performance drivers. Delivered clear, actionable insights through intuitive dashboards, enabling data-driven decision-making and business performance monitoring.

Roles and responsibility:

- **Designed and developed** end-to-end Power BI dashboards aligned with business and reporting requirements.
- Built DAX measures, calculated columns, and KPI metrics for sales, profitability, and performance analysis.
- **Performed** data modelling, data cleaning, and data transformation using Power Query (ETL process).
- **Ensured** data accuracy, consistency, and performance optimization across reports and dashboards.

PROJECTS

Project Title: Airline Analysis Dashboard **June- Aug/2025**

Project tools: Power BI, DAX

Project Description: Built an interactive Power BI dashboard to analyze flight volume, delays, cancellations, and on-time performance across airlines and airports. Performed data cleaning and transformation using Power Query and created DAX-based KPIs to support operational monitoring, trend analysis, and data-driven decision-making.

Roles and responsibility:

- Developed Power BI dashboards for airline performance analysis
- **Implemented** DAX measures and KPI metrics for delay hours, delayed flights, and cancellations.
- Applied Power Query (ETL) for data cleaning and modelling
- Utilized slicers and drill-down features to enable interactive and efficient data analysis.

SKILLS

Data Analysis & Visualization: Power BI, Data Visualization, Dashboard Development, KPI Design, Interactive Reporting

Data Processing & Analytics: Power Query, Data Cleaning, Data Transformation, Data Modeling, DAX, DAX Functions, ETL Processes, Trend Analysis

Data Management Tools: MySQL, Microsoft Excel, SQL Queries, Data Validation, Data Integration

CERTIFICATIONS

- Completed Data Analytics Certification at Besant Technologies, Chennai
  - **SQL, Excel, Power BI, Data Analysis & Visualization**
- Earned Hacker Rank Basic SQL Certification
- Completed Data Analysis Certification by Microsoft and LinkedIn Learning

EDUCATION

Anna University Regional Campus – Tirunelveli **2022 – 2025**

B.E. Computer Science and Engineering - CGPA: 7.4

Government Polytechnic College - Chekkanurani, Madurai **2020- 2022**

Diploma in Computer Engineering – Academic Score: 85%
